

God's Good Salvation

Matthew 19:13-22

"Salvation is an individual business: everyone who wishes to be saved must have private personal dealings with Christ about his own soul." J.C. Ryle

"We must never forget that good feelings alone in religion are not the grace of God. We may know the truth intellectually; we may often feel pricked in conscience; we may have religious affections awakened within us, have many anxieties about our souls and shed many tears; but all this is not conversion. It is not the genuine saving work of the Holy Spirit." J.C. Ryle
